

OLIVIER GUICHARD SCHOOL

Olivier Guichard vocational high school was created in the 1970s to be a lever for the economic development of its territory.

Our school offers a wide range of technological and professional training courses, all of which meet the needs of the local economic network:

- Landscaping (vocational training certificate by apprenticeship & BTEC National Diploma)
- Aquaculture (BTEC National & Higher National Diploma by apprenticeship)
- Horticultural production management (BTEC National Diploma)
- Shellfish farming (BTEC National Diploma)
- Floristry (vocational training certificate)
- Hospitality / Catering (vocational training certificate, BTEC National Diploma & Higher National Diploma by apprenticeship)
- Garden Machinery mechanics (vocational training certificate & BTEC National Diploma)
- Car Maintenance (BTEC National Diploma)

Under the authority of three ministries (National Education, Agriculture and Food, and the Ministry of the Sea), Olivier GUICHARD vocational school is the only school in France to combine a productive agricultural operation with a hotel and restaurant section.

Located on a natural estate of about 20 hectares, its various technical workshops offer an ideal setting for the training of students and apprentices.

The entire educational community implements the school's project on a daily basis, in particular its three priority areas:

- Creating a sustainable development campus
- Opening horizons and encouraging ambitions by guaranteeing access to mobility, culture and citizenship
- Securing students' education

INTERNATIONAL MOBILITY

Olivier Guichard Vocational School offers its students and staff an opportunity to discover the world thanks to its various international mobility programmes. Students have the opportunity to go abroad as part of their curriculum.

ERASMUS + PROGRAMME

ERASMUS + is a European Commission programme which gives students and staff the opportunity to spend time abroad to develop their skills and discover other cultures.

- Benefits for learners on an internship abroad:
- Developing professional, linguistic and cultural skills
- Increased autonomy, confidence and motivation for a better professional integration
- Validating the optional mobility unit, obtaining MobilityPro and EUROPASS certificates

The advantages for staff on a stay abroad:

- Job shadowing in a school or professional environment
- Follow-up of a structured course in a foreign language
- Teaching in a host country

PROTANDEM

French-German exchanges of vocational students including periods of classes and immersion in a professional environment with their German partner.

AMBASSADOR SCHOOL PROGRAMME

The European Parliament Ambassador School Programme (EPAS) programme gives students the opportunity to understand their rights as EU citizens and to learn about the role of the European Parliament.

EUROSCOL LABELLED HIGH SCHOOL

The "Euroscol" label aims at recognizing the involvement of schools in European dynamics, by supporting and participating in projects and by building European pathways in order to create a European Education Area.
